**Exciting News for
2018**

In 2018 your family can look forward to a brand new outdoor aquatic center featuring two outdoor pools that combined are 2 ½ times the size of the indoor pool. Enjoy a 1900 SF large pool and an 800 SF kiddie pool with water features and a slide. The pools are located beside two new log buildings. First is a new log Poolvilion which will be used for parties and theme weekend events/activities. The second new log building features restrooms, 6 showers, 1 ADA shower, 2 changing rooms, a large underground storm shelter, and a snack bar/store. At the south end of the campground, you will see another new log building which has restrooms, laundry facilities, 5 showers, 1 ADA shower, and an underground storm shelter. We also added a second bark park for small dogs, a new basketball court, and a 3rd volleyball court. Please call or e-mail itcinfo@indiantrailscampground.com for a 2018 brochure.
