

COVID-19 Toolkit

Resources provided by the Wisconsin Association of Campground Owners (WACO) - Updated April 13, 2020

About This Toolkit

This is intended to serve as a resource for campgrounds as they prepare for potential impacts of COVID-19 on their business operations. The State of Wisconsin, including us here at the WACO office, continues to monitor the spread of COVID-19 (2019 novel coronavirus) in coordination with the Department of Health Services (DHS) Public Health and other local, state, and federal partners. WACO is also working to update our plan to ensure continuity of essential operations.

State Agency Resources

Wisconsin COVID-19 Resources – Set up by the Governor's Office, this website compiles all of the COVID-19 resources and information from State of Wisconsin agencies.
