Held December 3-6, 2025 in Branson, MO! The Campground Owners Expo (COE), owned by Severson & Associates, a Management, Training and Consulting firm, was formed to give campground owners numerous networking opportunities. The goal is always to improve the bottom line of your campground. We will help you make more money, avoid costly pitfalls, learn and grow through networking, introduce you to suppliers who have products you need, and have fun! The 4-day event features educational seminars, networking events, behind-the-scene exclusives, a full trade show packed with exhibitors who have the products and services you need to run a successful park, and even some built-in downtime for you to explore the beautiful Branson area and take a little working vacation! Your \$200 registration allows you to bring up to FIVE people from your park! You can't beat that kind of low-cost investment in your business. Register today at www.campgroundownersexpo.com!

OUR EXPERTS

"Camping is a part of my families lifestyle. When it comes to insurance I love working with campground and resort owners to provide them with a peace of mind and someone they can trust! Give me a call - I would love to hear your story and see how I can help!" ~Crystal Erickson

cerickson@coverrainurance.com
(715) 563-6281

"Hunting and outdoor recreation has always been a passion of mine. I've been lucky enough to dedicate the last 16 years to working with campground owners across the U.S. I have helped owners get through difficult and unique insurance challenges through the years.

Email me with your questions or concerns, I'd love to chat!" ~Eric Haun

KNOWLEDGE

Is owning a campground the same as owning a construction business? We don't think so either. Trust our industry experts to find you the coverages that matter.

COVERAGE

No two campgrounds are the same. Therefore, no two policies should be the same! Let us work with you to tailor your policy to suit your unique needs and exposures.

PROACTIVE SERVICE

Don't face last minute surprises during your renewal, or when going through a claim. Know exactly what to expect out of your insurance coverage.

Serving the campground industry since 1970, Phelps Honey Wagon provides a less expensive option for waste and water handling. Our wagon is an industrial machine for the campground, small in size but powerful in working capabilities. The honey wagon can be used for many purposes: pumping RV holding tanks as well as pits, portable toilets, holding tanks and any other water handling needs you might have. The options are many! Our pump moves 50-60 gallons per minute. You get the job done fast! As our slogan says, "We make sewage handling So Sweet"

Keep your customers returning with a trackless barrel train. Our rugged oversize barrels are large enough for adults as well as children. Each cart has a customized steel frame, axle, and bias tires on a rim. Connect your carts with the 2" ball and coupler to follow each other through trails, paths, and mazes.

Create your own personal train by choosing single or double carts, colors for barrels/ seats, and tire size.

Don't forget the 5-foot Bluetooth interactive railroad crossing signs with flashing lights for a perfect set-up.

Inex Technologies' LPR (License Plates) - based Access Control System revolutionizes campground check-ins and security. By verifying license plates against reservations, it streamlines entry for registered guests and flags suspicious vehicles. Designed for both gated and gateless setups, the system integrates seamlessly with most major reservation platforms, automates entry, and reduces wait times. Powerful analytics and real-time monitoring highlight overstayed vehicles and provide actionable insights for operators. Elevate guest experience, enhance security, and increase operational efficiency—choose Inex Technologies for frictionless, license plate-based campground access.

We are a proactive pond management company which means we create management plans to help clean up the pond's ecosystem by reducing the muck at the bottom of the pond and the nutrients in the water. Our main 'services' are providing our proprietary products and installing proper aeration to help those products do their job. Our secondary services involve killing weeds and algae to make the pond visibly appealing. This 'killing' involves ONLY using non-bioaccumulating products/chemicals that do not conflict with the good bacteria we use to work on the pond's ecosystem. Third, we are as high service as the client desires; 75% of our clients self-apply products to keep costs down, with 25% being completely hands off.

2025 WACO TRADE MEMBER BOOKLET

WACO Members,

We appreciate you supporting these Trade Members who support our organization, and keep your registration costs low!

Our suppliers need to take orders back with them after the show in order to make the business work, to justify continuing to be a Trade Member and to return to the show year after year! They are the reason we have a great show with amazing opportunities.

Please help our show be the best it can be by asking any supplier you work with to show you their WACO TRADE MEMBER card! Thank our Trade Members by purchasing at the show, and throughout the year!
